

Hydrogen Week

April 22 to 26, 2024

Proclamation

April 23, 2024

Whereas, Sturgeon County is proud of the Edmonton region's longstanding leadership and expertise in the energy sector;

Whereas, Sturgeon County is confident that the Edmonton region's abundant talent, infrastructure, and resources will position Canada as tomorrow's global hydrogen superpower;

Whereas, the Edmonton region is a national leader in clean energy and has the experience, infrastructure, and resources to produce low-cost, low-carbon hydrogen at a global scale;

Whereas, the world is transitioning to a net-zero future, and Sturgeon County is ready to move aggressively as a leader within the Edmonton region to take advantage of this \$2.5-trillion global opportunity for Alberta and Canada;

Whereas, Sturgeon County stands ready to help meet Canada's emissions reduction goals using hydrogen;

Whereas, Canadian and international leaders from across the entire hydrogen value chain are coming together to discuss and invest in the future of the hydrogen sector at the Canadian Hydrogen Convention from April 23 to 25, 2024 in Edmonton, Alberta;

Whereas, the week of April 22 to 26, 2024, represents the opportunity for the Edmonton region to showcase its unique strengths in hydrogen production, adoption, use and innovation;

Therefore, I, Alanna Hnatiw, Mayor of Sturgeon County, do hereby proclaim **April 22 to 26, 2024, Hydrogen Week** in Sturgeon County.

Alanna Hnatiw
Mayor, Sturgeon County
