

# Emergency Preparedness Week

May 3-9, 2026

## *Proclamation*

April 28, 2026

**Whereas**, Emergency Preparedness Week reminds us that before, during and after an emergency, we are "In It Together" as neighbours, families and communities; and

**Whereas**, in rural communities like Sturgeon County, knowing and checking on the people around us – including neighbours, coworkers and community groups – keeps us safer and helps our community recover faster when emergencies happen; and

**Whereas**, Sturgeon County works with nearby municipalities to support residents by sharing information, preparedness tips and resources that help communities work together and support one another;

**Therefore**, I, Alanna Hnatiw, Mayor of Sturgeon County, do hereby proclaim May 3 to 9, 2026, as **Emergency Preparedness Week** in Sturgeon County.

I encourage all residents to connect within their community, make a plan, and prepare together so we can respond to emergencies and recover stronger, together.

---

Alanna Hnatiw  
Mayor, Sturgeon County
